THE BMW 3 SERIES GRAN TURISMO.
The BMW brand celebrated its 100th anniversary in 2016. Find out more at www.next100.bmw.

Depending on your mobile phone contract, you may incur additional costs for accessing the Internet.

NEW DIGITAL DISCOVERY: THE NEW BMW BROCHURES APP.

More information, more driving pleasure: The new BMW brochures app offers you a brand new digital and interactive BMW experience. Download the BMW brochures app for your smartphone or tablet now and explore new perspectives of your BMW.

THE BEAUTY OF TRAVEL. THE BMW 3 SERIES GRAN TURISMO.

MODEL SHOWN.

04 BMW 3 SERIES GRAN TURISMO 340i M SPORT PACKAGE:

BMW TwinPower Turbo in-line six-cylinder petrol engine, 240kW (326 hp), 19" light alloy wheels Double-spoke style 598 M with mixed tyres, Estoril Blue metallic exterior colour, seats in Black Dakota leather with contrast stitching in Blue, Aluminium Hexagon interior trim with matt Blue highlight.

Further information on fuel consumption and CO₂ emissions can be found on pages 48-49 or consult your BMW partner.

INNOVATION AND TECHNOLOGY.

18 BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

20 BMW EFFICIENT DYNAMICS: Maximum driving pleasure, minimum fuel consumption.

22 BMW CONNECTED DRIVE: Digital services & driver assistance systems.

24 CHASSIS: Innovative systems for more driving pleasure.

26 SAFETY: State-of-the-art technology.

INDIVIDUALITY AND CHOICE.

30 EQUIPMENT: BMW models, equipment highlights, wheels and tyres as well as Original BMW Accessories.

44 COLOURS: Exterior and interior colour schemes.

48 TECHNICAL DATA: Vehicle weight, engine, transmission, driving performance, consumption, wheels and technical drawings.

50 BMW SERVICES: BMW Service, BMW Financial Services and BMW Experience.
The perfect interplay of size and sporting aesthetics: in the BMW 3 Series Gran Turismo, functional versatility and exhilarating dynamic performance form a continuum. An overall image ideally complemented by its coupé-like design and superb comfort. The BMW 3 Series Gran Turismo – the supreme marriage of space and form.
Distinctive lines, sculpted surfaces and typical L-shaped LED taillights – the rear of the BMW 3 Series Gran Turismo embodies poise and athleticism. The side view is just as exhilarating: doors with frameless windows and a gently sloping roofline are complemented by a double swage line extending in a dynamic sweep all the way to the front. Experience a design that embodies the urge to move, from any perspective.
The optional Adaptive LED headlights in the BMW 3 Series Gran Turismo ensure perfect visibility of everything that is ahead of you, for one good reason: your safety. With their distinctive design, they don’t just enhance the aesthetics of the car’s front. By extending all the way to the kidney grille, they also underscore the vehicle’s focused gaze. Concentrated driving pleasure – in the BMW 3 Series GT.

TRUST YOUR EYES. AND YOUR CAR’S.
LOTS OF ROOM FOR DYNAMIC MANOEUVRE.

And efficiency. Intelligent technologies like the BMW TwinPower Turbo engine enable the BMW 3 Series Gran Turismo to achieve maximum dynamic performance while at the same time lowering fuel consumption. And you can push the limits further still, with the Adaptive suspension, every drive becomes an even more sporty affair, while the active rear spoiler maximises downforce. Efficient and aerodynamic – the BMW 3 Series Gran Turismo.
The BMW 3 Series Gran Turismo offers you maximum comfort as soon as you enter the car. The elevated seating position and spacious interior provide you with lots of room for movement – even when you’re on the road.

There’s top-level entertainment, too: numerous BMW ConnectedDrive1 services and an advanced navigation system allow you to enjoy your own personal kind of infotainment. Combined with special highlights such as the optional Ambient lighting and classy chrome trim on the centre console, the BMW 3 Series Gran Turismo turns the dream of perfect journeys into a reality.

1 Standard for 325d, 330d, 330i xDrive, 335i xDrive, 330i, 330i xDrive, 340i, 340i xDrive.
The flexible luggage compartment in the BMW 3 Series Gran Turismo adapts to all your needs. To open or close the boot, for example, use the convenient automatic tailgate operation. Or create even more space: with the 40/20/40-split rear backrest, which can also be folded down from the back of the car, using the optional remote backrest release. You have space for everything, in day-to-day driving as well as on special journeys – in the BMW 3 Series Gran Turismo.

A BIG IMPRESSION, WHATEVER DOOR YOU OPEN.

Part of the storage compartment package. Standard on 320i, 320i xDrive, 320d xDrive, 328i xDrive, 330i, 330i xDrive, 340i, 340i xDrive.
INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.
BMW EFFICIENT DYNAMICS: Maximum driving pleasure, minimum fuel consumption.
BMW CONNECTED DRIVE: Digital services & driver assistance systems.
CHASSIS: Innovative systems for more driving pleasure.
SAFETY: State-of-the-art technology.
Thanks to BMW TwinPower Turbo technology, the innovative BMW petrol and diesel engines from the BMW EfficientDynamics family deliver agile performance and excellent responsiveness even at minimal engine speeds. At the same time, fuel consumption and emissions remain exceptionally low. It’s an overall combination that guarantees significantly more intense driving pleasure.

BMW TwinPower Turbo engines.

At the heart of BMW EfficientDynamics.

Innovation and technology

LESS EMISSIONS. MORE DRIVING PLEASURE.

BMW 340i/340i xDrive

- BMW TwinPower Turbo in-line six-cylinder petrol engine with 240kW (326hp) and 450Nm of torque
- Acceleration, 0–100km/h: 5.1s (xDrive: 5.3s);
- Top speed: 250km/h (xDrive: 250km/h)
- Fuel consumption, combined: 7.0 – 7.3 l/100km
- CO2 emissions, combined: 199–168g/km

BMW 335d xDrive

- BMW TwinPower Turbo in-line six-cylinder diesel engine with 230kW (313hp) and 630Nm of torque
- Acceleration, 0–100km/h: 5.7s (xDrive: 5.5s);
- Top speed: 250km/h (xDrive: 250km/h)
- Fuel consumption, combined: 7.4 – 7.7 l/100km
- CO2 emissions, combined: 148–119g/km

BMW 330i/330i xDrive

- BMW TwinPower Turbo four-cylinder petrol engine with 185kW (252hp) and 350Nm of torque
- Acceleration, 0–100km/h: 6.4s (xDrive: 6.2s);
- Top speed: 250km/h (xDrive: 250km/h)
- Fuel consumption, combined: 4.7–5.0 l/100km
- CO2 emissions, combined: 124–131g/km

BMW 320i/320i xDrive

- BMW TwinPower Turbo four-cylinder petrol engine with 140kW (190hp) and 400Nm of torque
- Acceleration, 0–100km/h: 7.8s (xDrive: 7.7s);
- Top speed: 240km/h (xDrive: 235km/h)
- Fuel consumption, combined: 4.5–4.8 l/100km
- CO2 emissions, combined: 121–130g/km

BMW 318d

- BMW TwinPower Turbo in-line four-cylinder diesel engine with 104kW (140hp) and 320Nm of torque
- Acceleration, 0–100km/h: 9.3s (xDrive: 9.2s);
- Top speed: 210km/h (xDrive: 206km/h)
- Fuel consumption, combined: 5.7–5.9 l/100km
- CO2 emissions, combined: 155–169g/km

BMW 320d/320d xDrive

- BMW TwinPower Turbo in-line four-cylinder diesel engine with 120kW (163hp) and 380Nm of torque
- Acceleration, 0–100km/h: 8.1s (xDrive: 8.0s);
- Top speed: 225km/h (xDrive: 223km/h)
- Fuel consumption, combined: 4.7–5.0 l/100km
- CO2 emissions, combined: 120–127g/km

BMW 325d

- BMW TwinPower Turbo in-line six-cylinder diesel engine with 195kW (265hp) and 560Nm of torque
- Acceleration, 0–100km/h: 5.7s (xDrive: 5.4s);
- Top speed: 240km/h (xDrive: 240km/h)
- Fuel consumption, combined: 5.0–5.6 l/100km
- CO2 emissions, combined: 135–139g/km

BMW 330d/330d xDrive

- BMW TwinPower Turbo in-line six-cylinder diesel engine with 230kW (313hp) and 630Nm of torque
- Acceleration, 0–100km/h: 5.0s (xDrive: 5.0s);
- Top speed: 250km/h (xDrive: 250km/h)
- Fuel consumption, combined: 4.7–5.0 l/100km
- CO2 emissions, combined: 120–127g/km

BMW 318d

- BMW TwinPower Turbo in-line four-cylinder diesel engine with 104kW (140hp) and 320Nm of torque
- Acceleration, 0–100km/h: 9.3s (xDrive: 9.2s);
- Top speed: 210km/h (xDrive: 206km/h)
- Fuel consumption, combined: 5.7–5.9 l/100km
- CO2 emissions, combined: 155–169g/km

BMW TwinPower Turbo in-line six-cylinder petrol engine 340i.

Commanding power, silky-smooth running and a stirring sound are the hallmarks of the BMW TwinPower Turbo inline 6-cylinder petrol engine from the latest generation of the BMW EfficientDynamics engine range. With Double-VANOS, Valvetronic, High-Precision Injection and a TwinScroll turbocharger, it generates 240 kW (326 hp) and has an average combined fuel consumption rate of 7.0–7.3 litres per 100 km.

Powerful and efficient – the BMW 340i with BMW TwinPower Turbo technology.

- Fuel consumption, combined: 5.7–5.9 l/100km
- CO2 emissions, combined: 155–169g/km

1 Fuel consumption and CO2 emissions figures depend on the selected tyre format (respective higher figures refer to models with optional wheels). Further information on fuel consumption and CO2 emissions can be found on pages 48–49 or consult your BMW partner.

2 Electronically restricted.
Innovation and technology

BMW EFFICIENT DYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

www.bmw.com/efficientdynamics

MORE POWER FROM LESS FUEL.
More power from 3 to 12 cylinders. Consume less, experience more – the BMW TwinPower Turbo engines offer the greatest possible dynamic performance with the greatest possible efficiency thanks to the newest injection systems, variable output control and sophisticated turbocharger technology. Whether diesel or petrol, and no matter how many cylinders, the engines from the BMW EfficientDynamics engine family allow markedly more agile power delivery and outstanding responsiveness even at low rpms, while being fuel-efficient and low in emissions.

MORE DRIVING PLEASURE, LESS EMISSIONS.
Approximately 33% less CO₂ emissions since 2000: BMW EfficientDynamics is a technology package that includes not only the engine and drivetrain, but rather the whole vehicle concept, including intelligent energy management. Provided as standard in every BMW, a variety of innovative technologies contribute to continuously improving efficiency. Via engine efficiency measures, electrification, lightweight construction methods and optimised aerodynamics, BMW has managed to reduce the CO₂ emissions of its fleet by 33%.

MORE SPEED, LESS WEIGHT.
Lower weight with intelligent lightweight construction. Special consideration for every last detail – intelligent lightweight construction means that the optimal material is found and implemented for each part of the vehicle. With extremely light high-tech materials such as aluminium and carbon fibre, BMW EfficientLightweight is pursuing the goal of minimising vehicle weight. That leads to even more dynamic performance, increased stability and heightened vehicle safety and comfort.

MORE ENERGY, LESS PETROL.
100% driving pleasure with 0% local emissions: BMW eDrive technology makes this dream come true. Energy for electric driving is supplied by a high-voltage lithium-ion battery and maximised by numerous efficiency measures such as Brake Energy Regeneration. The completely new synchronous electric motor BMW has developed for BMW eDrive provides plentiful torque for acceleration, available all the way to the car’s maximum speed, to combine sustainable mobility with outstanding agility and dynamic performance.

The BMW 3 Series Gran Turismo – dynamic and efficient.

BMW EFFICIENT LIGHTWEIGHT
Intelligent lightweight construction at BMW means using the right material for the right parts of the vehicle. For every single component, the most suitable material is selected. This philosophy, also known as BMW EfficientLightweight, is now integral to BMW EfficientDynamics and applied to every BMW.

ACTIVE REAR SPOILER
Automatically extending at a speed of over 110 km/h, the Active rear spoiler lends added downforce on the rear axle, thereby improving stability at high speed. It retracts automatically once the speed goes back down to under 70 km/h. The driver can also manually extend/ retract the Active rear spoiler via a button below the electric window controls on the driver’s door.

ROUTE-AHEAD ASSISTANT
The Route-ahead assistant is a function included in the ECO PRO mode and helps the driver to adopt an extremely efficient way of driving. In conjunction with the Navigation system Professional, it recognises speed limits, city limits, bends, roundabouts, turns and motorway exits along the chosen route and gives tips in advance about when to reduce speed.

AUTOMATIC START/STOP FUNCTION
The Automatic Start/Stop function switches off the engine when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam) to further reduce overall fuel consumption. When the driver presses down on the clutch (manual transmission) or takes their foot off the brake (Systronic transmission), the engine automatically starts up again in a fraction of a second.

The Route-ahead assistant is only available in combination with the Navigation system Professional.
BMW ConnectedDrive

So connected, you’re free.

www.bmw.com/connecteddrive

REGISTERS UP TO \textbf{360 DEGREES} OF THE VEHICLE’S SURROUNDINGS.

Enjoy the greatest convenience and the highest level of safety with BMW ConnectedDrive. For driving, parking and visibility, the BMW ConnectedDrive driver assistance systems are there when you need them, reliably, in every situation. The most cutting-edge systems, such as radar, ultrasound and cameras, dependably register the vehicle’s surroundings, forming the basis for intelligent driver assistance systems. Whether activated when desired, or as emergency assistance in the background – the assistance systems from BMW ConnectedDrive make every drive in your BMW safer and more convenient.

CONNECTED FOR OVER 40 YEARS.

Focused on the future – from the very beginning. By the 1970s, BMW had already marked a way in connected mobility. Another milestone of the digital future was surpassed in 1999: vehicles with built-in SIM cards. Then came the first online services, Google Services and innovative driver assistance and display systems – for example with the BMW Head-Up Display. Throughout this process, the desires of the customer have always taken centre stage. As the first premium automobile manufacturer, BMW makes it possible to book and pay for services flexibly via the BMW ConnectedDrive Store, in the vehicle or on a computer at home. And with the introduction of BMW Connected and the Open Mobility Cloud, BMW is taking the next steps into the future of mobility.

MORE THAN 20 SERVICES AND APPS IN THE BMW CONNECTED DRIVE STORE.

The ConnectedDrive Services equipment forms the basis for intelligent BMW ConnectedDrive functions, as well as for the integration of selected smartphone apps. This equipment also provides access to the BMW ConnectedDrive Store, in which services and apps can be ordered and extended easily, any time and anywhere to suit the user’s individual requirements – for example with the Concierge Service or Online Entertainment, which turn every drive into a convenient and entertaining experience.

IN TOUCH \textbf{24/7} WITH BMW CONNECTED.

What would it be like if you were never late again? What if your BMW already knew your preferred destinations? How would you like reliable navigation, whether you’re sitting in your vehicle or not? BMW ConnectedDrive provides you with the relevant information you want, when and where you want it. BMW ConnectedDrive is a personal mobility assistant which facilitates your everyday mobility and helps you in reaching your destinations relaxed and on time. With the BMW Connected app, mobility-relevant information such as recommendations for optimal departure times are available at any time via smartphone or smartwatch and can be seamlessly transmitted to the car.

APPLE CAR PLAY

Preparation\textsuperscript{1} for Apple CarPlay\textsuperscript{2} supports the convenient and wireless use of a selected Phone\textsuperscript{3} functions in the vehicle. This prepares the smartphone for additional on-screen functions. The display includes information about the current speed, navigation directions, Speed Limit Info incl. no-overtaking indicator, as well as the distance to the vehicle ahead. The vehicle takes over accelerating and braking and keeps the predetermind distance to the car ahead even in slow-moving traffic and down to a stand-still in traffic jams.

BMW HEAD-UP DISPLAY

The full-colour BMW Head-Up Display\textsuperscript{4} projects information relevant to the journey directly into the driver’s field of vision, thereby allowing them to fully concentrate on driving. The display includes information such as the current speed, navigation directions, Speed Limit Info incl. no-overtaking indicator, as well as the distance to the vehicle ahead. The vehicle takes over accelerating and braking and keeps the predetermind distance to the car ahead even in slow-moving traffic and down to a stand-still in traffic jams.

ACTIVE CRUISE CONTROL

Active cruise control\textsuperscript{5} with Step&Go function incl. Approach control warning with braking function maintains a speed preselected by the driver, as well as the distance to the vehicle ahead. The vehicle takes over accelerating and braking and keeps the predetemined distance to the car ahead even in slow-moving traffic and down to a stand-still in traffic jams.

For further information on BMW ConnectedDrive, please visit www.bmw-ConnectedDrive.com

1 The visibility of the BMW Head-Up Display is limited by polarised sunglasses. Functional effectiveness is dependent on equipment. Further optional equipment is required for additional on-screen functionalities.

2 Only available in conjunction with ConnectedDrive Services.

3 More than 100 third-party apps can be displayed and operated via the vehicle’s user interface and via Voice control.

4 BMW Head-Up Display is not available for vehicles built before the preparation. For further information, please visit www.bmw.com.

5 Only available in conjunction with optional equipment.
Chassis.
A solid foundation for superior driving dynamics.

The BMW 3 Series Gran Turismo features a whole host of innovative technologies to help you get the most out of each drive. Many of these systems are intelligently linked with each other. Their interaction ensures that you can enjoy maximum driving pleasure, in maximum safety – on every straight, in every corner, every second of your drive.

The automatic 8-speed Steptronic Sport transmission enables not only automatic gear selection but also manual shifting using either the gear lever or the gearshift paddles on the steering wheel. Anything is possible, from comfortable gliding to very dynamic driving with Launch Control activated if desired. In SPORT mode, the gear shifts are configured for maximum performance.

The optional Adaptive suspension 1 can be electronically adjusted at any time to suit the road and driving conditions. The driver can also adjust the suspension characteristics via the Driving Experience Control to enable their preferred driving style at the time – from comfortable to extremely athletic with markedly agile handling.

The M Sport suspension 2 is characterised by sport suspension settings, and on cars with rear-wheel drive, it includes a chassis lowered by around 10 millimetres. It features shorter suspension springs and tighter damper settings, as well as harder stabilisers. Together these result in even more direct settings that facilitate a particularly dynamic driving style.

The optional Variable sport steering with Servotronic creates a direct and agile steering response and ensures less physical effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when driving more dynamically and reduces the effort needed to steer when parking and turning.

Servotronic supports steering by adjusting the power steering to suit the current speed and ensures an immediate and precise steering response at higher speeds. What’s more, it boosts steering support and therefore also comfort levels when steering at lower speeds, for example when parking or manoeuvring.

The intelligent BMW xDrive all-wheel drive system smoothly and variably distributes drive power to the front and rear wheels for maximum traction, driving dynamics and safety in every driving situation. For even better agility, the electronically controlled power distribution counterbalances over and under-steering on bends, among other things.

The rear-wheel drive ensures excellent unimpaired steering precision due to the fact that the front axle is not affected by any form of torque steer with this type of drive. Furthermore, the dynamic axle load distribution associated with a Rear-wheel drive ensures great traction when accelerating from a standstill.

---

1 Lowering only available in conjunction with rear-wheel drive.
2 M Sport suspension only available in conjunction with rear-wheel drive.
Driving Assistant combines the Lane Departure Warning and Approach control warning systems. When travelling at speeds between 10 and 60 km/h, the Approach control and person warning with light city braking function issues a warning if there is a risk of collision with vehicles or pedestrians, and brakes the vehicle in the event of an emergency. At speeds above approx. 70 km/h, the Lane Departure Warning draws the driver’s attention to an unintentional lane change by means of slight vibrations of the steering wheel.

Safet y. Unparalleled safety with the latest BMW technology.

The BMW 3 Series Gran Turismo features advanced technologies on which you can always rely. Superior driving characteristics and innovative equipment come as standard in this car. As a BMW driver, you will be supported by state-of-the-art technology able to give you maximum support in any situation, making you feel safe no matter what condition the roads are in.

DRIVING ASSISTANT.

Driving Assistant combines the Lane Departure Warning and Approach control warning systems. When travelling at speeds between 10 and 60 km/h, the Approach control and person warning with light city braking function issues a warning if there is a risk of collision with vehicles or pedestrians, and brakes the vehicle in the event of an emergency. At speeds above approx. 70 km/h, the Lane Departure Warning draws the driver’s attention to an unintentional lane change by means of slight vibrations of the steering wheel.

- The Dynamic Stability Control (DSC) with extended functionality stabilises the vehicle as soon as any skidding motion is detected.
- The Adaptive LED headlights produce a light colour very similar to daylight and adjust their light distribution automatically according to speed and steering angle.
- The Airbags for the driver and front passenger, as well as side airbags integrated into the front seat backrests provide strategic protection in the event of a crash.
- Intelligent emergency call automatically establishes a connection with the nearest rescue coordination centre through the BMW call centre whenever needed – without the use of a mobile phone.
- Lane Change Warning alerts the driver to vehicles in the blind spot as well as vehicles in the neighbouring lane by means of a visual signal and vibration in the steering wheel.
- Person warning with light city braking function notifies drivers of potential collisions with pedestrians and even brakes automatically in emergency situations.

The Adaptive LED headlights produce a light colour very similar to daylight and adjust their light distribution automatically according to speed and steering angle.

The Airbags for the driver and front passenger, as well as side airbags integrated into the front seat backrests provide strategic protection in the event of a crash.

Intelligent emergency call automatically establishes a connection with the nearest rescue coordination centre through the BMW call centre whenever needed – without the use of a mobile phone.

Lane Change Warning alerts the driver to vehicles in the blind spot as well as vehicles in the neighbouring lane by means of a visual signal and vibration in the steering wheel.

EQUIPMENT: BMW models, equipment highlights, wheels and tyres as well as Original BMW Accessories.

COLOURS: Exterior and interior colour schemes.

TECHNICAL DATA: vehicle weight, engine, transmission, driving performance, consumption, wheels and technical drawings.

BMW SERVICES: BMW Service, BMW Financial Services and BMW Experience.

INDIVIDUALITY AND CHOICE.
The BMW 3 Series Gran Turismo is a perfect companion that includes a wide range of equipment features as standard. A selection of these standard features is described here.

A selection of base model equipment:

- 17" light alloy wheels
- LED headlights
- LED foglights
- Leather steering wheel
- Multifunction leather steering wheel
- Armrest, front, sliding
- BMW Professional Radio
- Automatic tailgate operation
- Through-loading system, 40:20:40

Standard seats, shown here in Anthracite Move cloth, and the Satin Silver matt interior trim.

Premium materials and first-class driver orientation reflect the main priorities of the BMW 3 Series Gran Turismo: sportiness and functionality.
Model Luxury Line interior equipment:
- Door sill finishers in aluminium with "BMW" designation
- Seats in Leather ‘Dakota’ Saddle Brown with extended trims in Brown and Brown highlights; other upholsteries available
- Heated seats
- Sport leather steering wheel
- Car key with Pearl Chrome detailing
- Air conditioning and radio control unit and centre console with Pearl Chrome detailing
- Interior trim finishers in Fine-wood trim ‘Fineline’ Anthracite with accent in Pearl Chrome or Interior trim finishers in Fine-wood trim burled walnut with accent in Pearl Chrome, the exclusive accent continues on the doors and in the rear; other trims available
- Orange or white variable Ambient light
- B-pillar illumination
- Lights package
- 2-zone Automatic air conditioning with extended features

Model Luxury Line exterior equipment:
- BMW kidney grille with eleven exclusively designed vertical slats with front sides in Chrome high-gloss
- Front bumper with specific design elements in Chrome high-gloss
- 18" light alloy wheels Multi-spoke style 416, alternatively
- 19" light alloy wheels Multi-spoke style 674 with mixed tyres; other wheels available
- “Luxury Line” designation on the side
- Air Breather in Chrome high-gloss, alternatively in body colour
- Side window frames and window recess finisher in Chrome high-gloss
- Rear bumper with specific design elements in Chrome high-gloss
- Tailpipe trim strip in Chrome high-gloss

The Luxury Line offers exclusively sporty character, as seen here with the optional Sport seats and standard Saddle Brown Dakota leather.
The standard Sport seats, shown here in the optional Oyster Dakota leather, provide outstanding lateral hold thanks to wider side bolsters with electric adjustment.

The optional Ash Grain fine-wood interior trim with metal inlay and the Pearl Chrome highlight underscore the dynamics of the interior design. The Sport leather steering wheel convinces with its satisfying grip.

**Model Sport Line interior equipment:**
- Door sill finishers in aluminium with “BMW” designation
- Sport seats in Cloth ‘Corner’ Anthracite with Red or Grey accent, alternatively Sport seats in Leather ‘Dakota’ Black with Red accent; other upholsteries available
- Sport leather steering wheel with Red contrast stitching, alternatively available with Black stitching
- Car key with Red detailing
- Instrument cluster with speedometer and revolution counter with chronoscaling and red contrast ring
- Air conditioning and radio control unit with chrome detailing
- Interior trim finishers in Black high-gloss with accent in Coral Red matt or Interior trim finishers in Aluminium, finely brushed lengthwise with accent in Black high-gloss, the exclusive accent continues on the doors
- Orange or white variable Ambient light
- Driving Experience Control with additional SPORT+ mode
- Lights package
- 2-zone Automatic air conditioning with extended features

**Model Sport Line exterior equipment:**
- BMW kidney grille with nine exclusively designed vertical slats with front sides in Black high-gloss
- Front bumper with specific design-elements in an Aluminium look and in Black high-gloss
- 19" light alloy wheels Double-spoke style 673 in Bicolour Ferric Grey, alternatively 19" light alloy wheels Double-spoke style 673 with mixed tyres; other wheels available
- “Sport Line” designation on the side
- Mirror caps in body colour, alternatively in Black high-gloss
- Air Breather in Black high-gloss, alternatively in body colour
- Side window surrounds and window recess finisher in Black matt
- Rear bumper with specific design elements in Black high-gloss
- Tailpipe trim strip in Black, chrome-plated

Optional and standard equipment vary according to country.
M SPORT PACKAGE.

Model M Sport interior equipment:
- M-door sill finishers, M-driver footrest
- Sport seats for driver and front passenger in Cloth/Acantara combination
  “Hexagon”Anthracite with M stitching and Blue accent, alternatively

The BMW 340i in the optional exterior colour Estoril Blue metallic exclusive to
M Sport models. Also featuring 19” Double-spoke style 598 M wheels in Bicolour Orbit Grey
with mixed tyres.

BMW Individual headliner Anthracite: the headliner and the trims on the vehicle’s pillars
and sun visors feature Anthracite cloth.

The BMW 340i in the optional exterior colour Estoril Blue metallic exclusive to
M Sport models. Also featuring 19” Double-spoke style 598 M wheels in Bicolour Orbit Grey
with mixed tyres.
The rear lights with lighting elements in full LED technology with their characteristic “L” shape, make the car instantly recognizable as a BMW, even in the dark.

Interior and driver-side exterior mirrors with automatic anti-dazzle function, including fold-in function for the exterior mirrors and automatic parking function for the front passenger exterior mirror.

The Adaptive LED headlights produce a light colour very similar to daylight and adjust their light distribution automatically according to speed and steering angle.

The Rain sensor including automatic headlight activation automatically activates the windscreen wipers and the low-beam headlights.

Tailpipe, visible, twin round, with chrome trim. Shown here with optional trailer tow hitch.

The Panorama glass roof with electrically adjustable sunshade not only ensures that both the front and rear have an abundance of light, but also comes with a slide and lift function.

The Comfort access system allows passengers to enter the car without having to actively use the car key.

BMW Individual fine-grain leather steering wheel in Sport leather steering wheel design with superior-quality leather and thicker wheel rim.

Telephony with wireless charging offers a comprehensive telephony package with Bluetooth connectivity, an NFC interface and the technical capacity for a WiFi hotspot.
The Parking assistant makes parking parallel and perpendicular to the road easier. It does the steering while the driver remains in control of the accelerator, brake and gears.

ConnectedDrive Services forms the basis for intelligent BMW ConnectedDrive functions, as well as for integrating selected smartphone apps.

Surround View is a visual parking aid with the camera-based functions Top View, Side View and Rear view camera.

Preparation for Apple CarPlay® supports the convenient and secure wireless use of an iPhone® via the vehicle’s user interface.

Speed Limit Info including the No-overtaking indicator displays speed limits and provides information on no-overtaking zones.

Active cruise control with Stop&Go function maintains a preselected speed, as well as the distance to the driver ahead.

The Rear view camera shows the area behind the vehicle on the Control Display. Interactive track lines and obstacle markings also help the driver when reversing.

Active Protection warns the driver if it detects signs of tiredness, intervenes in critical situations and brakes the car to a standstill after an accident.

*All engines comply with the EU emission standard. Fuel consumption is determined in accordance with the UN ECE driving cycle and includes the drying, heating, and warming-up phases. The CO₂ figures quoted account for a 90% full tank, 68 kg for the driver and 7 kg of luggage. Unladen weight applies to models without a spare wheel. *Figures quoted are valid for the use of R525 super unleaded petrol. Fuel consumption and CO₂ emissions figures apply to models with 8 J x 17" wheels. *Service intervals are dependent on wheel and tire size. *Different value applies to BMW 323i with manual transmission. *Economically restricted. Figures given refer to versions with Steptronic transmission.
WELL TAKEN CARE OF WITH BMW SERVICES:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. For example, the Condition Based Service independently tracks both service fluid levels and the condition of parts subject to wear and then notifies you in the display when the vehicle requires servicing. So you only need to go to your BMW service partner when it’s really necessary. When you do go, our qualified BMW service specialists take care of your vehicle using the newest workshop technology and only original BMW parts. This service is available worldwide in more than 3,300 BMW service partner establishments in over 150 countries, to provide you with limitless driving pleasure.

BMW SERVICE.

BMW Service Packages*: Individual and stress-free, just for you. Individual, well-thought-out servicing solutions, carefully tailored to you and your vehicle. With one-off, predictable costs, BMW Service Packages give you complete peace of mind, so you can enjoy owning a BMW to the very fullest. Whether it’s fresh from the showroom or already well-travelled – there’s a BMW Service Package for every phase of your vehicle’s life. All bringing you maximum quality, expertise and value retention, always at reasonable, transparent rates. And always carefully tailored to you and your BMW. Find out just how stress-free truly individual service can be! www.bmw.com/serviceinclusive

BMW Mobile Service*: This service is there for you day and night. As soon as you call, we spring into action, and take care of everything that may need doing after an accident or breakdown, with specially trained technicians working – on site or via telephone – to get your car back on the road. We offer comprehensive, country-specific mobility packages for breakdowns, and insurance that covers you in the event of an accident or theft. So if anything untoward does happen, simply call up the BMW accident hotline and we’ll go to work. We’ll take care of calling the emergency services, a tow truck, a replacement car, notifying your insurance company and much more. For further information please visit www.bmw.com

BMW TeleServices*: With Condition Based Service, you’ll be automatically reminded of your next necessary service appointment on the vehicle screen. Provided you’ve consented, key vehicle data will be related to BMW automatically for analysis. Your assigned BMW service partner will access the information and contact you free of charge to make any necessary appointment or and when necessary. To access BMW TeleServices, the vehicle must be equipped with the optional Intelligent Emergency Call or ConnectedDrive Services. The service can be deactivated at any time you so desire, and you can change your service partner in the Drive menu or ConnectedDrive portal. Find out more at www.bmw.com/teleservices

BMW Financial Service.

BMW Financial Services*: Mobility solutions to meet your needs. BMW Financial Services provides you with attractive leasing, finance and insurance options. To find out more, see the price list or go to www.bmfsf.com. Your BMW partner will also be glad to draw up an individual offer for you in person.

THE BMW EXPERIENCE.

BMW TV*: www.bmw.tv enables you to experience the BMW brand in all its diversity. Features, portraits and background reports provide you with information on automobiles, innovations, sports and Lifestyle topics.

BMW Driving Experience: The better you control your BMW, the more enjoyment you will derive from driving it. Use our training courses to learn for yourself what it means to reach a car’s physical limits on various types of surfaces, and what you have to do to control your vehicle even in extreme situations. For further information please visit www.bmwdrivingexperience.com

BMW Welt: Picking up a car at BMW Welt has always ranked among the best moments for any driver. Turn this moment into one whole unforgettable day, experience the handover of your new BMW as just one part of a programme of activities perfectly tailored to your interests. At BMW Welt, the BMW Group plant, the BMW Museum, the BMW Group headquarters and the BMW Group Classic all combine to provide you with a great experience of an exciting history, a breathtaking present – and spectacular visions for the future. Find out more at www.bmw-welt.com/en

BMW Magazine: In BMW Magazine, experience the newest BMW models in front of stunning backdrops. Discover new design trends, travel destinations, and the richness of modern life. Encounter people with visionary ideas who are changing the world. Find out more at www.bmw.com/magazine

RESPONSIBLY.

In 2016, the BMW Group was once more listed in the Dow Jones Sustainability Index as the most sustainable automotive company worldwide. This makes BMW Group the only company in the automotive industry to be listed without interruption since the index was established. The development of efficient vehicle concepts and environmentally friendly production processes, including recycling, is an integral part of our philosophy. BMW EfficientDynamics and electric vehicles have enabled us to cut CO₂ emissions from our European new-vehicle fleet by more than 4% since 1995. We have also reduced the amount of resources used in production, such as water and energy, by 33% between 2006 and 2016, with a reduction to 45% of previous levels aimed at for 2020. In terms of other resources (such as volatile organic compounds, process wastewater and waste) our 45% target was met in 2014, and we will continue to work on further improvement. Production at our engine plant in Steyr has been waste-water free since 2007. And of course, at the end of its service life, every one of our vehicles can be easily and economically recycled. To return your end-of-life vehicle, please contact your BMW partner. For more information on this issue please visit our website.
